PUBLIC ANNOUNCEMENTS

Town Office Closed – Thanksgiving Holiday

Supervisor Youmans stated that the Town offices will be closed for the Thanksgiving holiday, Thursday, November 25, 2010 and Friday, November 26, 2010, and added that the Police Department serves as a 24 hour, 7 day operation and will be available.

Snow Emergency Procedures

Supervisor Youmans stated that he would like to remind everyone in town of the Snow Emergency Procedures, which go into effect when snowfalls accumulate in excess of 3 inches of snow and added that there will be no vehicle parking, stopping, or standing on any Town of Coeymans street or highway and continued by saying that any violators will have their vehicles towed.

PUBLIC COMMENT

Ms. Donna Pasquini stated that she had previously asked Supervisor Youmans where they stood with this year's budget, and he had told her to look in the budget and she will see it and continued by saying that she is not a CPA, and she does not see it and she still does not know where they stand with the budget.

Supervisor Youmans replied that they still have over a month left in 2010, and he really won't have a firm handle on where everything stands until they close the year out because all funds for the year have not been expended yet. He continued by saying that currently, it looks like they are not in terrible shape and he does not what more of an explanation he can give other than that.

Ms. Pasquini stated that she was just wondering where they were going when they go into the next budget and whether or not they are on track or going in with a deficit or surplus and this is why she was asking.

Mr. Henry Traver stated that he wanted to congratulate Supervisor Youmans and Councilman Touchette for finally making a meeting together and added that he wanted to address the position of Deputy Supervisor and it was his belief with the history of the Town of Coeymans that it has never been a paid position and he cant believe that they pocketed \$8,000.00 for Councilman Touchette who is not really around to do the job. He continued by saying that with regard to Confidential Secretary Theresa Shear and Bookkeeper Chris Ricci's positions, he understands that it is an appointment but to call someone up and say that they are done without even a letter is disrespectful as well as telling Confidential Secretary not to worry about it and that there were no surprises for her but then she comes to the Monday night meeting and is told that she is done on Friday. He reiterated that he knows that it is an appointed position but not even a two-week notice is very unfair. He added that Supervisor Youmans told him two meetings ago that insurances went up by \$30,000, and Councilman Touchette told Mr. Allen last week that insurances went up and continued by saying that he will be FOILING the information because he believes the Town Board is hiding money in the insurance area and the public should know where the money is going and that area of the budget should not be played with at all.

Supervisor Youmans stated that he wanted to take a minute to respond and added that for Mr. Traver to come and criticize the situation in the Supervisor's Office with people no longer being employed, he would like to point out to Mr. Traver that it is his creation and if he had not pled guilty to a felony those people would still have their jobs and continued by asking that he please not come and blame it on him. He went on by saying that he can certainly question appointments but he should not blame the situation on him because he did not create that situation. He added that as far as insurance goes, the budget is disseminated publicly and there was a Public Hearing and he welcomes any criticism that he has of the budget. He concluded by asking if anyone else wished to make a public comment, hearing none he moved to the next item on the agenda.

APPROVAL OF MINUTES

Supervisor Youmans stated that there were three sets of meetings for Town Board approval, a Public Hearing on November 4th, a Town Board Meeting on November 8th, and a Town Board Workshop on November 16th and continued by asking for a motion to approve them.

MOTION

On motion of Councilwoman Rogers, seconded by Councilman Boehm the minutes were approved as read.

Attorney for the Town Wukitsch stated that the Town of Coeymans recently acquired the Coeymans Hollow Cemetery and continued by saying that there is a balance in those accounts but it is not reflected in the Supervisor's Report and then asked why it is not in the report because the Town owns the property.

Supervisor Youmans stated that it was a good question.

Attorney for the Town Wukitsch stated that then Supervisor Hotaling told him that there was \$30,000.00 - \$40,000.00 in the accounts and they are now Town accounts.

Councilman Boehm interjected that they cannot spend them down and they have to leave a minimum.

Attorney for the Town Wukitsch stated that they should still be reflected on the report.

Councilman Touchette stated that they should be turned over to the Town.

Town Clerk Millious interjected that the money was turned over to the Town.

Attorney for the Town Wukitsch stated that for bookkeeping, it should be reflected on the report.

OLD BUSINESS

Authorize Supervisor to Sign Maintenance Agreement with JNS Tower

Supervisor Youmans stated that he has in his possession the Master Management Agreement for the communication tower with JNS Tower, which he sent to the Board last week and continued by saying that he is looking for authorization for him to sign the contract.

Councilman Touchette stated that they discussed it at the Workshop last Tuesday when Chief Darlington gave them a report and added that he believes that they are all satisfied that it is a win-win and a good thing for the Town. He continued by saying that he would like to move that the Town Board authorizes and directs Supervisor Youmans to sign the agreement.

MOTION

On motion of Councilman Touchette, seconded by Councilman Boehm, authorizing Supervisor Youmans to execute the Agreement with JNS Towers.

VOTE – AYES 5 – NAYS 0 – SO MOVED

Councilman Boehm stated that he wanted to piggyback on what Councilman Touchette said and added that Chief Darlington did a great job with this and as he has said at the Workshop this saved the Town roughly \$200,000.00 when they were originally looking to do it and now that they are doing a Shared Services Agreement with P&M Brick and J&S Towers and the Town will be receiving revenue from it. He went on by saying that he wanted to thank Chief Darlington for being tenacious and it is a big win for the Town.

Supervisor Youmans stated that he wanted to echo that and added that he knows that Chief Darlington put a lot of time and effort on this and took something that was going to be a big expenditure and turned it into a revenue producing opportunity and continued by thanking him for his work on it and then asked if there was any further discussion.

Councilwoman Rogers and Councilman Dolan collectively agreed it was a great job.

Supervisor Youmans stated that he will finalize it and get it out in the mail. He then asked if there were any other Old Business topics, hearing none he moved to the next item on the agenda.

NEW BUSINESS

Police Chief's Request to Attend Training

Supervisor Youmans stated that the Chief was requesting to attend Grant Writing Training in New Jersey on December 15th and continued by say that his memory was that there is no cost associated with it and then asked that Chief Darlington discuss his request.

Chief Darlington stated that some time ago he was authorized to join MAGLOCLLEN and as part of it the Police Department receives several opportunities for free training and this is one that is within travel distance, which he can do in one day and the only expense would be for the vehicle that they will travel in.

Councilman Boehm inquired as to if there are two other officers going.

Chief Darlington stated that currently he has asked two other officers, Officer Rivituso, who has assisted in writing grants in the past and Officer Alberts, who is interested and has been doing some research on grants to help out.

MOTION

On motion of Councilman Boehm, seconded by Councilwoman Rogers, authorizing Chief Darlington, Officer Alberts and Officer Rivituso to attend Grant Writing Training in Edison, NJ on December 15, 2010

Request for Highway to Attend One Person Plow Training and Recertification

Supervisor Youmans stated that there is a request from Highway Superintendent Deering for One Man Plow Training and Recertification for Highway Equipment Operators and added that when he was fairly new on the Board, they went from having two men in a plow truck at all times, one to operate the wing and one to drive the truck, to having one man actually operating the wing and drive the truck, which requires certification and then recertification every two years.

Highway Superintendent Deering stated that was true and added that there is one man that needs both.

Supervisor Youmans inquired as to if it is the one new employee.

Highway Superintendent Deering stated that it is and he will have to do both.

Supervisor Youmans stated that the one man plow ends up being a significant savings because obviously you only need one man in the truck and continued by saying that he has watched George LaMountain go past his house running the plow and the wing at the same time and he so busy in the truck he can't take his hands off anything to wave. He added that it is quite a feat to run that piece of equipment and the wing and there was a reason historically why there were two guys in that truck. He concluded by saying that it is imperative that they have proper training and certification and then asked Highway Superintendent Deering if he had the total cost broken down.

Highway Superintendent Deering stated that it is \$1,040.00 and \$200.00 to \$500.00 for the instructor to travel and added that he does not live as far away as the other instructor and it might be a little less.

Supervisor Youmans interjected that he is looking to get all of his men certified and recertified for a cost of no more than \$1,600.00.

Highway Superintendent Deering stated that it probably is, give or take. He added that the \$1,040.00 they have to pay anyway and the other charge can vary because he lives closer than the other instructor did.

Supervisor Youmans asked if there were any other questions for Highway Superintendent Deering, hearing none he continued by offering a motion.

MOTION

On motion of Supervisor Youmans, seconded by Councilman Boehm authorizing the one man plow training not to exceed a cost of \$1,700.00.

The proceeds of the bonds or bond anticipation notes may be used to reimburse expenditures paid by the Town from other funds or otherwise. The Town may submit applications for additional grants and/or low interest loans from the New York State Environmental Facilities Corporation (EFC) and/or other funding source(s) and, to the extent that any such moneys are received, may apply such funds to the payment of principal and interest on the bonds or bond anticipation notes. Section 14. To the extent that is permitted to do so under the Internal Revenue Code of 1986, as amended (the “Code”), the Town hereby designates the bonds and/or notes as “qualified tax-exempt obligations” under Section 265 (b) (3) of the Code. The Town hereby covenants that it will (i) take all actions on its part necessary to cause interests on the bonds and/or notes to be excluded from gross income for purposes of Federal Income taxes and (ii) refrain from taking any action which would cause interest on the bonds and/or notes to be included in gross income for purposes of Federal Income Taxes.

Section 15. Miller, Mannix, Schachner& Haffner, LLC, Glens Falls, New York, is hereby designated bond counsel.

Section 16. The validity of these serial bonds and bond anticipation notes may be contested only if:

ADDITIONAL COMMENTS

Supervisor Youmans asked if there were any additional comments.

Councilman Boehm stated that they had discussed the NIXLE notification at the Workshop and then asked that Chief Darlington brief everyone watching on how to sign up for it.

Chief of Police Darlington stated that he has a poster that he can post at Town Hall on how to do it and added that the web address is www.nixle.com and there is an area to sign in and once you are in it requires a user name and password. He continued by saying that once you register, it requires an e-mail address and cell phone number, which is optional if you want text messages to your phone and if not it just goes to your e-mail. He added that once you are in the site there is a settings area where you click on the agencies that you want to receive messages from and any agencies in the area that are registered will come up and you can receive messages. He concluded by saying that this is one of the sources that they will be using to notify of a snow emergency as well as other emergencies in effect in the Town.

Supervisor Youmans stated that for anyone watching, he signed up for it approximately a year ago and it was nice when he got the notification of the train derailment and high wind alerts and potential serious weather alerts. He added that it is a nice, free service that is offered.

Supervisor Youmans asked if there were any other comments.

Councilman Dolan stated that he wanted to mention the two ceremonies that he attended on behalf of the Town and added that one was the Veterans' Day Ceremony in the Village and Commander Snyder was there from the VFW along with former Supervisor George McHugh who was the featured speaker and he gave a great overview of the military from WW I to present and continued by saying that it was good to see a local boy make good, which is the story of Mr. McHugh's case. He added that the other event that he attended was the grand re-opening of the library in Ravena and they had done a good job of temporarily locating the library to Mayone's Plaza and the Village crew did a good job getting the library back in great shape and it looks better than it did before and is laid out nicer than it was. He concluded by saying that he got a grand tour of the building from the Mayor and he saw the improvements that they did for the School Board, which is moving in there.

Supervisor Youmans asked if there were any other comments.

Town Clerk Millious stated that usually in December there is a Public Hearing to set the Sewer Rates for January and added that she didn't know if it was something that they wanted to do because the next meeting is December 13th. She continued by saying that it is usually at 6:30 before a Town Board Meeting.

Supervisor Youmans thanked Town Clerk Millious for reminding him of that and added that he would say and she could post that meeting for 6:30 on December 13th before the Town Board Meeting.

Supervisor Youmans asked if there were any other comments.

Chief Darlington stated that he had a couple of things and added that he wanted to let the Board know that he received an e-mail from Karen at P&M stating that the Lease Agreement has been fully executed and they should be receiving it in the mail and once it comes it has to be attached to the Master Management Agreement as an addendum. He continued by saying that they had asked for additional funding for the Hannacroix Creek Project for engineering fees and the survey and he has received a letter stating that they approved the funding, however they are now waiting because their time period has expired and they have to extend the Agreement time. He concluded by saying that they have the money but are now on hold to see if they are going to let them have a time extension and added that originally they had said that they could have three

months but he advised that it would take longer than that to even get the surveys done and to get the construction done in three months is impossible.

Supervisor Youmans interjected that it is especially true considering it is November.

Chief Darlington stated that the new car that was ordered should be delivered within the second week of December and in turn the lights and other equipment will have to be put on it and probably by late December it will be on the road. He continued by saying that some time ago he was approached about a panic alarm system in Town Hall and added that he was approached by several employees that work at night as well as the Assessor who works on weekends and is alone and also there have been some other incidences in Town Hall. He concluded by saying that he has some estimates that he would like to discuss with the Board about future installment.

Supervisor Youmans stated that he would put it on the Workshop Agenda.

Councilman Boehm inquired as to if there currently is a dog up for adoption.

Chief Darlington stated that the last he knew there was and it is a white, female Pitt Bull that seems very friendly and it was found in Oakbrook.

Councilman Boehm inquired as to how someone would contact him if they were interested in adopting.

Chief Darlington stated that they could contact the Police Department or Town Clerk's Office and in turn they would be advised of the procedure for doing that. He concluded by saying that he wanted to wish everyone a safe Thanksgiving.

Supervisor Youmans asked if there were any other comments, hearing none he asked for a motion to adjourn the meeting.
